Connect to myCluster1

Set up connection security Choose a connection method **Connect**

1. Select your mongo shell version

To check your Mongo shell version, run:
mongosh --version or mongo --version

2. Run your connection string in your command line

Use this connection string in your application

```
mongosh "mongodb+srv://mycluster1.i13opqd.mongodb.net/" --apiVersion 1 --username roshanjadhaooo15_db_user
```

You will be prompted for the password for the Database User, **roshanjadhaooo15_db_user**. When entering your password, make sure all special characters are [URL encoded](#).
